Hi Ichigaku Takigawa,

Thank you for all your hard work reviewing for NIPS 2018! We are delighted to inform you that you were one of the top 30% highest-scoring reviewers this year! You will therefore be given access (for a limited period of time) to a reserve ticket pool in case registration sells out; you will receive additional information by email within the next week or so explaining how to access the reserve ticket pool. Please note that you will still have to pay for your registration. Of course, if you wish to just go ahead and register once registration is open tomorrow (at 8am PDT), that is fine.

Finally, if you have not yet done so, please fill out the following survey regarding demographics and inclusion issues at NIPS (even if you have never attended the conference):
<https://www.surveymonkey.com/r/BH72FBD> Completing this survey will take about 15--20 minutes. The survey is anonymous unless you choose to opt out of anonymity, in which case you will additionally be eligible for a raffle for one of ten \$100 Amazon gift certificates.

All the best,
Nicolo Cesa-Bianchi, Kristen Grauman, Hugo Larochelle, and Hanna Wallach
